Dear Barbara Park,

Hi my name is Anhara I'm 8 years old. I have a Mother, a father, and a brother. My favorite colours are light pink, light blue, and light green. I love your Juny B Jones books I read a lot of Juny B Jones books and the titles of the Juny B Jones books that I read are ~~the~~ Stupid Smelly bus, beauty shop guy, Max's birthday, Yucky blucky Fruit Cakes, and a little bit of toothless wonder. What is your favorite book that you've written? I think that I'm going to a book store to get some Juny B Jones books. I love your Juny B Jones book because they're so exceptional. I saw that Juny B Jones has a website and I searched and there were games and

I played the game called Food fight. It was so fun because you get to hit yucky food at the characters that you make up. I also played other games as well on the website. One day I was so excited because we had something that is called Scholastic and Scholastic is something that you order books and I got the book called Ghost Makers Girl and Kiera the movie star fairy. I hope you like this letter bye!

Sincerely, Anhara?
