Dear Rick Riordan

My name is Nyeff I am a student at Viscount Alexander P.S. In grade 3 french immersion. I would like to talk about your writing in this letter.

I have a couple questions for you. Why did you choose Percy to be the main character. And what inspired you to write about Greek mythology.

Here are the things I like about your books. I like the part in the Sea of Monsters when Percy had that nightmare about the fate of the world. And I also like the part in the Lightning Thief when the elevator takes Percy, Grover and Percy's mom to Olympus.

I also have some suggestions for other books that you could write. You could write a series about Percy's siblings that's a half blood in Egyptian mythology. You could write a book where at the end Percy lives a normal life in his house with his dad.

I Really lik your series and I wish  
you soon best sellers to come  
Thank you

Sincerely  
Orly  
Nyett
